

OUR FIRST RIVER CRUISE

For our first river cruise we chose the Lady Anne,
and this is where our experience began.
Little did we know what characters there would be,
as we cruised upon the Zuiderzee.

Captain Wido's in charge and always on the go,
steering the ship along canals straight and narrow.
There are two cruise directors, well, what can I say?
they certainly help to make our day!

There's informative Brenda with her commentary from top deck,
and her glamorous assistant whom she just keeps in check.
Together they're a team, a fabulous duo,
though one can be a bit unruly,
you of course know I'm referring to Julie!

As we sit, out of windows gazing,
we are served drinks by Veronika, who's truly
amazing!
Jo, Peter, Lois and Maisie
are on our table – it's fun, but crazy!

With our holiday drawing to a close,
will this be our last river cruise?, who knows.
We'll have to wait and see, but I bet you know what the answer will be!
And we won't be wasting much time
before booking again with the River Cruise Line!
